

TYPE 1, Variante 1A

TYPE 1, Variante 2, Options

Ces exemples de parementures peuvent tous être ajoutés à des biais ou à des marges rectangulaires, quelles que soient leur longueur ou leur largeur, comme montré ici.

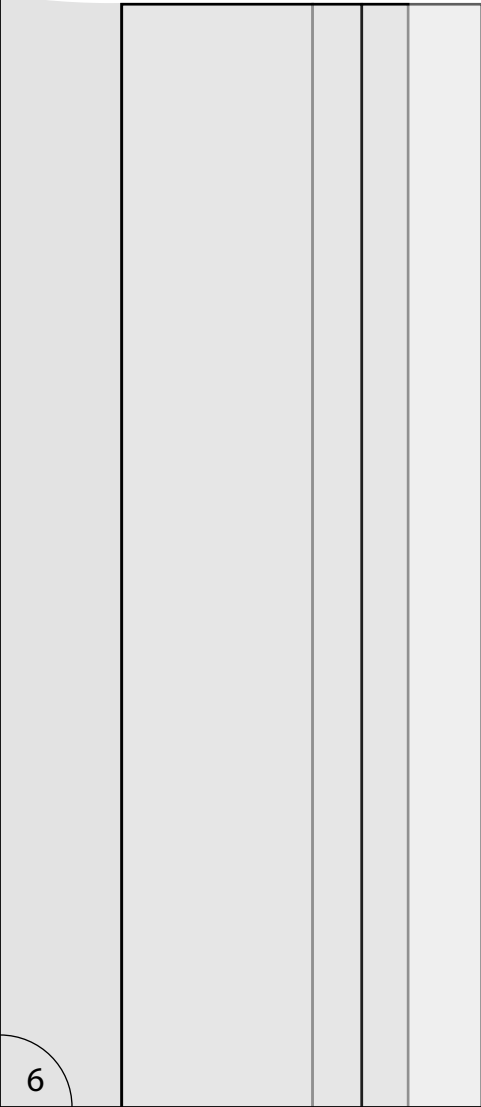

Complément du livre *La chemise*

Vous devez modifier le gabarit en fonction de l'encolure et de tout autre changement que vous souhaitez y apporter.

<p>Rectangle des piqûres du biais</p>	<p>Marge de couture = <math>\frac{1}{2}</math> largeur du biais</p>
