

Col rectangulaire - Prototype 1

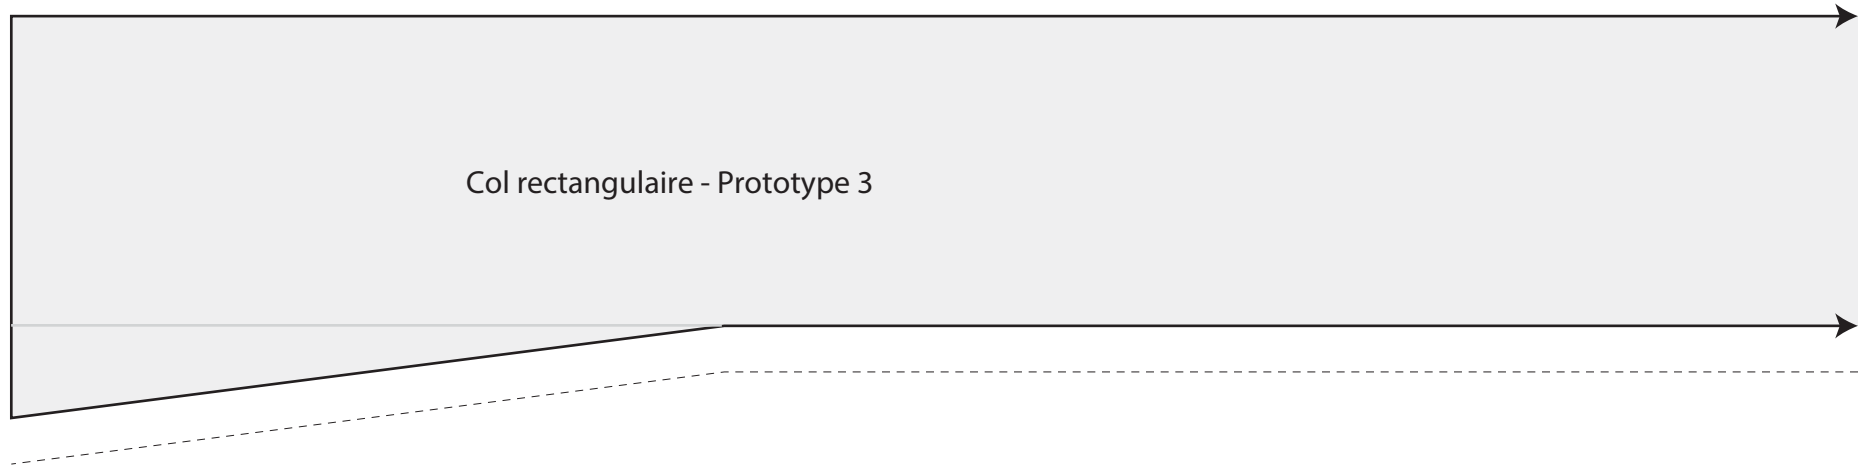

The diagram shows a light gray rectangular shape representing a collar. It has a solid black top edge with an arrow pointing to the right, a solid black bottom edge with an arrow pointing to the right, and a solid black left edge. A horizontal dashed line is positioned below the rectangle.

Col rectangulaire - Prototype 2

The diagram shows a light gray rectangular shape representing a collar. It has a solid black top edge with an arrow pointing to the right, a solid black bottom edge with an arrow pointing to the right, and a solid black left edge. A horizontal dashed line is positioned below the rectangle. A small gray triangular area is located at the bottom left corner, with its hypotenuse sloping upwards and to the right.
